

Chryso® Plast RMD

Water reducing Plasticizing admixture

DESCRIPTION

CHRYSO® Plast RMD is a water reducing plasticiser, which allows an increase dispersion of the cement particles in concrete.

CHRYSO® Plast RMD optimises the dosage of cement required to obtain a given compressive strength.

For an equivalent consistence with reduced water content:

- Increased compressive strength.
- Improved mix cohesion, allowing sand content optimisation, or increased use of harsh or gap graded materials.
- Reduced capillary action resulting in less permeable concrete.

BENEFITS

- Improved compaction.
- Increased concrete strengths.
- Reduced mould wear.
- Improved production rates.
- Cement optimisation without strength loss.
- Wide range of applications.
- Versatile dosage range.

FIELDS OF APPLICATION

Types of Application

- All types of cement
- Ready-mix concrete
- Reinforced precast concrete
- Heavy precast elements
- Prestressed concrete
- Pumped concrete

INDICATIVE INFORMATION

Product Nature	Liquid
Color	Brown
Lifetime	12 months
Cl ⁻ ions content	≤ 0,100 %
Equivalent Content Na ₂ O	≤ 1,00 %
Specific gravity	1,185 ± 0,010

PACKAGING

- IBC 1000L
- Bulk delivery on request

METHOD OF USE

Dosage :

0.2 to 0.8 kg for 100 kg of cement.

A 0.3% dosage of the product to weight of cement is commonly used.

The optimum dosage of **CHRYSO® Plast RMD** can only be established after trial tests, taking into account local conditions affecting the workability of the mix and the mechanical properties required from the concrete.

CHRYSO® Plast RMD is completely miscible in water and must be added to the mixing water.

PRECAUTIONS

- Increased dosage may result in increased air content and set retardation
- Store away from frost.
- Should the product freeze, it will recover its properties after thawing and agitating.

NORMATIVE AND REGULATORY INFORMATION

CHRYSO® Plast RMD is a plasticiser – water reducer which conforms to UKCA and CE marking.

SAFETY

This product is classified as “harmless”. In case of exposure, it is recommended to wear your normal protective equipment.
