

Chryso® Sols A Top

Anti-dust surface enhancement agent

DESCRIPTION

Chryso® Sols A TOP is a ready-to-use additive developed for **anhydrite screeds**, specifically Agilia® Sols A TOP systems. It enhances surface finish quality by delivering a **smooth, dust-free surface**, potentially reducing or eliminating the need for traditional finishing processes.

The product has **no impact on the fresh properties or mechanical performance** of the screed and does not affect the drying behaviour.

BENEFITS

- Improves screed surface finish
- Reduces or eliminates surface dusting
- Produces a smooth, uniform surface
- May reduce or eliminate additional finishing operations
- No impact on screed drying time
- No effect on fresh properties or mechanical strength

FIELDS OF APPLICATION

Chryso® Sols A TOP is suitable for:

- Anhydrite screeds
- Agilia® Sols A TOP screed systems

INDICATIVE INFORMATION

Product Nature	powder
Color	White
Lifetime	12 months

PACKAGING

- Pallet of 27 buckets
- 20 x 500g soluble bags per bucket

METHOD OF USE

Dosage :

Typical dosage: **500 g per m² of screed**

- Add with the sand during batching to ensure even dispersion
- If added later in a truck mixer, mix at high speed for:
 - 1 minute per m³**, with a **minimum of 6 minutes total mixing time**

Ensure thorough dispersion for optimal surface performance.

PRECAUTIONS

- Store in a dry environment
- Protect from moisture

SAFETY

For health, safety, and environmental guidance, refer to the relevant **Safety Data Sheet (SDS)**.

For further information, please refer to the safety data sheet on our internet site www.uk.chryso.com.
